

Delhi Metro stations to get collection boxes for old clothes

PIONEER NEWS SERVICE
■ New Delhi

The Delhi Government and Delhi Metro Rail Corporation are set to launch a new recycling initiative under which special collection boxes for old clothes will be installed at 10 major Metro stations across the Capital.

The initiative, announced under the guidance of Chief Minister Rekha Gupta, aims to promote environmental conservation and reduce textile waste through recycling and reuse. Garments deposited by commuters will be converted into useful products through a structured recycling and up-cycling process.

Chief Minister Rekha Gupta

Officials said the project is part of the government's broader push for sustainable development and community participation in environmental campaigns. Chief Minister said that textile waste has become a growing

environmental concern, and the new initiative aims to ensure the scientific disposal and recycling of discarded clothing.

"The Delhi Government is continuously working towards building a clean and environmentally responsible city. This initiative will help reduce waste and encourage sustainable practices among citizens," the Chief Minister said.

According to officials, collection boxes will be placed at

Shahdara, Mohan Estate, Rohini West, Lajpat Nagar, Mayapuri, Mayapuri Vihar, Phase-1, Hauz Khas, Punjabi Bagh West, Dwarka, and Shalimar Bagh Metro stations.

These stations were selected by the DMRC Operations Department after assessing passenger movement and accessibility. Security teams also reviewed the proposed locations before approval.

The collected garments will be sorted into different categories and supplied to non-

governmental organisations and self-help groups for reuse and upcycling.

Officials said several useful products, including bags, rugs, and other fabric items, will be created from the discarded clothes.

Garments that cannot be reused directly will be sent to recycling units. There, they will be processed into recycled yarn, fibre, and non-woven felt products to minimise waste generation.

The Delhi Government said the initiative is designed not only to promote recycling but also to encourage public participation in environmental protection efforts.

Officials said dedicated spaces will also be created at selected Metro stations where products made from recycled clothes can be displayed and sold. This is expected to provide support to self-help groups and local organisations involved in upcycling activities.

Firefighters rescue 23 after fire breaks out in Rohini residential building

PIONEER NEWS SERVICE
■ New Delhi

Firefighters rescued 23 people, including residents stranded on balconies, after a fire broke out on the ground floor of a four-storey residential building in Rohini on Tuesday morning, while a separate blast in a piped natural gas pipeline in west Delhi's Subhash Nagar left a 42-year-old man with 85 per cent burn injuries late Monday night.

According to the Delhi Fire Services (DFS), the blaze broke out on Shamsan Ghat Road in Vijay Vihar Phase-2. Two people sustained injuries and were admitted to Jaipur Golden Hospital, where their condition is stable.

Officials said the fire erupted on the ground floor of the four-storey building, gutting 18 electricity meters and six vehicles (three scooters, two motorcycles, and a bicycle). As thick

Firefighters working on a fire in a residential building.

smoke rapidly spread through the building, several residents were trapped inside their homes and on balconies, triggering panic in the area. Videos from the scene showed firefighters using ladders to evacuate residents stranded on upper floors, while sparks and flames continued to erupt from the electricity meter section on the ground floor.

DFS officials said fire personnel rescued 22 people, while locals rescued one resident before firefighters reached the spot. The blaze was brought under control by around 8 am. Preliminary

findings suggest the fire may have originated in the electricity meter section on the ground floor, though the exact cause is yet to be ascertained.

In another fire incident reported late Monday night, a 42-year-old man suffered serious burn injuries after a suspected blast in a piped natural gas (PNG) pipeline triggered a blaze at a ground-plus-three-storey residential building in Subhash Nagar.

Fire officials received a call regarding the incident at around 10:20 pm, following which two fire tenders and a water bowser were rushed to the spot. The injured man, identified as Vijay Kumar, sustained nearly 85 per cent burn injuries and was admitted to Deen Dayal Upadhyay Hospital.

Police said further investigation is underway to ascertain the exact sequence of events leading to the suspected PNG pipeline blast.

Fake property wills syndicate under scanner in National Capital Region

PIONEER NEWS SERVICE
■ Noida

In a dramatic development that has sent shockwaves through the property and legal circles of the National Capital Region (NCR), the arrest of Krishna Saini in Noida has allegedly uncovered a sprawling racket involving forged wills, fabricated ownership claims, and organised attempts to manipulate property disputes through coordinated pressure tactics.

What initially appeared to be a routine law-and-order case has now evolved into a high-profile investigation spanning Noida and Delhi. According to sources associ-

Arrested Krishna Saini

ated with the probe, investigators traced key links of the alleged syndicate to East Delhi's Preet Vihar, where the suspected network is believed to have operated from. During preliminary interrogation and scrutiny of documents, Noida Police

reportedly unearthed evidence suggesting the existence of an organised gang involved in preparing and circulating fake wills and forged inheritance papers to illegally stake claims over disputed and high-value properties across NCR.

Meanwhile, the accused Krishna Saini has moved a bail application before the District Sessions Court in Gautam Buddha Nagar. The matter is scheduled to come up for hearing before District Judge Atul Srivastava on May 27. Advocate Pankaj Tyagi, representing complainant Vipin Chopra in the matter, stated, "I respectfully submit that bail should not be granted to the accused

under any circumstances. The alleged fake wills racket has caused immense distress to several families and placed their homes, investments, and lives at risk."

Officials said the syndicate allegedly relied on fabricated legal documentation, forged signatures, counterfeit seals and stamps, and manipulated successions involving both Noida Police and Delhi Police. Multiple teams are preparing coordinated raids at locations believed to be connected to the alleged network. Investigators are currently analysing electronic records, legal paperwork, bank transactions, and communication trails to identify the full extent

of the operation. Senior officials associated with the investigation said the focus now is on identifying the masterminds behind the alleged racket, tracing the money trail, and determining how many disputed properties may have already changed hands through forged documentation.

The complainant further alleged that affected families and property owners have written to Uttar Pradesh Chief Minister Yogi Adityanath, demanding stringent action against the alleged fake wills racket and seeking protection from organised property fraud operating across Noida and adjoining NCR areas.

Laxmi Singh is personally monitoring the investigation into the fake wills syndicate in coordination with Delhi Police authorities. According to the complainant, several victims have accused the network of using forged inheritance documents to illegally seize or claim ownership of disputed properties.

The complainant further alleged that affected families and property owners have written to Uttar Pradesh Chief Minister Yogi Adityanath, demanding stringent action against the alleged fake wills racket and seeking protection from organised property fraud operating across Noida and adjoining NCR areas.

Desilting project at Wazirabad barrage remains stalled

PIONEER NEWS SERVICE
■ New Delhi

Announced more than a year ago, the desilting project at the Wazirabad barrage remains stalled even as the city braces for acute water shortage during peak summer. As intense summer set in, the city's water supply has been hit as raw water level has reached a critical low, sources said on Tuesday, adding that the situation is likely to remain the same for the next few days. Last year, a tender was floated inviting companies for the pondage area works, however there were some issues and it was cancelled.

The pondage area refers to a reservoir or pond where raw water is temporarily stored before entering a water treatment plant (WTP). These areas are critical for managing flow rates, settling heavy silt, and ensuring continuous supply of water.

SHARP RISE IN FAKE WILL CASES: ADVOCATE RAJINDER SINGH

Rajinder Singh, advocate-on-record, Supreme Court of India, informed that "in recent years, there has been a sharp increase in cases wherein fake claims are made on the strength of fake documents, including a will, forcing the owner to engage in unwanted litigation. The modus operandi of people manufacturing these forged documents is to coerce the owner at a later stage of litigation to settle on terms which are not agreeable. (PNS)
